How-to Guides

A marketing how-to guide takes a marketing plan and breaks it down into sections with step-by-step instructions on how to turn marketing ideas into action. If you are looking for an in-depth instructional document to train customers, prospects, employees, or partners, let Extra Mile Marketing develop a customized marketing how-to guide to help your team. Our how-to guides provide in-depth guidance on execution, but can also include example project timelines, best practices, a checklist for success, other available resources, and can be customized for your product or solution.
